

## Maximum Allowable Cost (MAC) Pricing Frequently Asked Questions

Where are the MAC Pricing lists and MAC Price Research Request Forms located?

- Full MAC list  
<https://www.tn.gov/content/dam/tn/tenncare/documents/TNCoverRxMACPriceListing.pdf>
- MAC Price Research Request Form  
<https://www.tn.gov/content/dam/tn/tenncare/documents/ORxMacAppealSubmissionTemplate.xlsx>

How do enrolled Tennessee CoverRx pharmacy providers request a MAC pricing review?

- Pharmacy providers may request a MAC price review by submitting a fully completed MAC Price Research Request Form to MMA within seven (7) business days of the paid claim's adjudication date.
- The pharmacy must include an original invoice for the NDC being appealed:
  - The NOC reflected on the invoice must match the NDC submitted on the pharmacy claim and MAC Price Research Request Form.
  - The date reflected on the invoice must coincide with the date of service on the MAC Price Research Request Form and pharmacy claim submitted
  - The appeal will be denied if it lacks requisite information or is inaccurate or ambiguous
- MMA will provide a written response indicating the outcome. If a MAC price adjustment is not warranted, MMA will provide alternatives within the response (when possible) that demonstrate product availability below the current MAC rate.

What types of appeals will result in automatic denials?

- Duplicate MAC submissions from the same pharmacy for the same NDC when MMA has provided a previous response.
- Claims with a final price type of AWP, FUL or U&C, as these reimbursement types are not regulated by MMA

What is Federal Upper Limit (FUL)?

- Federal Upper Limit (FUL) is established by the Centers for Medicare and Medicaid Services (CMS), for all State Medicaid agencies. Additional information regarding the FUL can be found at: <https://www.medicaid.gov/medicaid/prescription-drugs/federal-upper-limits/index.html>

What should an enrolled Tennessee CoverRx pharmacy provider do if unable to access lower cost alternatives recommended below the current MAC rate?

- Providers should submit documentation verifying that they are unable to access the less expensive alternative(s) below the current MAC rate.

Whom should an enrolled Tennessee CoverRx pharmacy provider contact for questions?

- It is encouraged that enrolled pharmacy providers contact MMA (below) or your OptumRx Provider Liaison regarding all concerns with MAC pricing, changes in product availability and the status of a MAC research request submitted:

- Email: [MAC@Optum.com](mailto:MAC@Optum.com)
